TESTIMONIAL

This testimonial is to confirm that we at Focus Rooms called on Elaine Hosiassohn, a Master of Fung Shui from Feng Shui Dynamics to assist us with our office layout and all other related matters in the art and science of Feng Shui.

We found Elaine to be most professional, carried a wealth of knowledge in Feng Shui. Elaine's services levels also exceeded our expectations.

We experienced immediate benefit from this process and the energy levels in all staff improved almost immediately. An improvement in the flow of business was also felt within 24 hours of the changes being made.

I strongly recommend Elaine's services and expertise, with no hesitation, to assist your company in these related matters.

Yours sincerely,

Marisa Scott
